Fishes you can find

- For safely enjoying the beaches
1. Inform your lodging staff where you're going and around what time you'll be returning.
 2. Refrain from swimming if you're feeling unwell.
 3. Always swim with 2 people or more for safety.
 4. Wear rash guards or t-shirts when swimming to protect yourself from UV rays and corals. Gloves are also recommended.
 5. Always keep an eye on children, even in shallow areas.
 6. Be careful of waves, swells, and currents. Always check your position in the sea while swimming.
 7. Stay alert when in the water as sea kayaks or boats may approach nearby.
 8. Make sure to stay hydrated as you can also sweat while swimming.
 9. Please enjoy taking pictures and leave the nature intact.

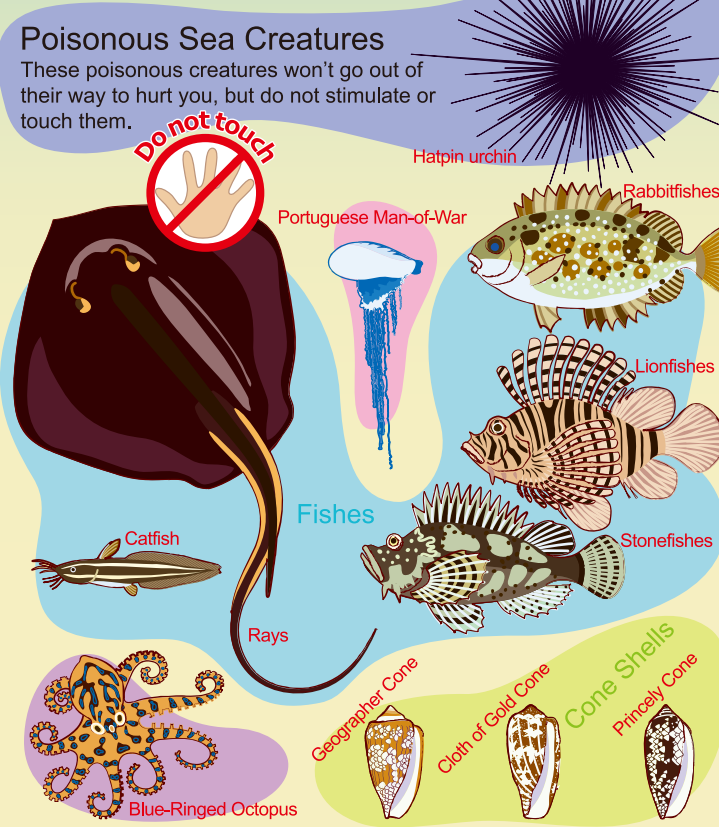

For emergencies

Emergency/ Distress: 119
Accident at sea: 118

Ogasawara Village Clinic
04998-2-3800

Stay calm and provide the following information.

1. Current condition of the person in need of help (specifically as possible)
2. Name, age, lodging of the person in need of help
3. Current location
4. A telephone number that can be reached later

(1) Omura Beach

Beyond this point is a course for ships and boats

Aotodai Lighthouse

Omura Beach [2 min. on foot from ★]
 Located near town with a shower, changing room, and resting space. Perfect for enjoying a swim or even a stroll.

Coral dust

Visitor Center

Kuroiwa Rock

Kuroiwa Rock

(2) Miyanohama Beach

The map shows a beach area with a parking lot (P) and restrooms. A dashed line indicates the location of the water quality measurement points. The area is labeled 'Corals' in two locations.

(2) Miyanohama Beach

The map shows a beach area with a parking lot (P) and restrooms. A dashed line indicates the location of the observation point. The area is labeled 'Corals' in two locations.

(8) Kominato Beach

Kominato Beach [16 min. by car to Kominato parking space + 8 min. on foot from ★] The entrance path takes you through a small forest of beach trees, which leads to a wide beach with beautiful white sand. As it is a sand beach, there aren't too many fishes compared to some of the other snorkeling spots, but the pillow lava rocks on both side of the beach are an impressive sight worth taking a look.

The map shows a path starting from a star icon, passing through a green forest area, and leading to a blue beach area. A red dotted line marks the path. A callout circle labeled 'Pillow lava rock' shows a close-up of the rock texture. Other features include a boat in the water, a person on a beach, and a red and white striped marker.

(4) Seihyo Beach

Seihyo Beach [5 min. by car/ 40 min. on foot from ★] There is a group of staghorn corals towards Futami Rock on the right and the Marine Center on the left. Staghorn corals are very fragile, so please do not stand on or touch them.

The map shows a coastal area with a blue sea and a grey landmass. On the left, a green area with trees is labeled 'Marine Center'. In the center, a light blue area is labeled 'Staghorn corals'. On the right, a brown area is labeled 'Futami-iwa Rock'. A red lighthouse is on the far right, labeled 'Akatodai Lighthouse'. A yellow area is labeled 'Staghorn corals'. A blue area is labeled 'Fisheries Cooperative facility'. A yellow star is on the landmass, labeled '★'. A yellow line with a red arrow points from the star to the text 'Seihyo Beach [5 min. by car/ 40 min. on foot from ★]'. A yellow line with a red arrow points from the text 'There is a group of staghorn corals towards Futami Rock on the right and the Marine Center on the left. Staghorn corals are very fragile, so please do not stand on or touch them.' to the 'Staghorn corals' area.

(6) Ogiura Beach

Ogiura Beach [12 min. by car from ] A beach with good access, a shower, and resting space. Areas beneath the water are mostly covered with sand, however there' s also some corals towards the far right section near the Kanameiwa Rock, where many fishes gather. In the summer season, it' s possible to watch the sun setting on the horizon. There is also a tiny beach on the right that can be accessed from the sidewalk along the road.

The map shows a coastal area with a large body of water. A person in a yellow shirt and hat is kayaking in the water. The shoreline is marked with green trees and a road. A parking lot with a 'P' sign and a blue sign with a white 'C' and a white 'P' is located near the road. A red and white striped sign is also visible. The water is labeled 'Corals' in two locations. The beach is labeled 'Ogiura Beach' in the top right corner.
